

SAP Learning Hub

# SAP® Learning Hub: **General User Guide**

SAP® Learning Hub is your one-stop site for learning more about SAP software, collaborating with your peers, and consulting with experts from SAP – anytime, anywhere. [Make the most of your subscription](#) to SAP Learning Hub by taking advantage of all the online learning courses, social learning and collaboration rooms, and resources the hub has to offer.

## GETTING STARTED WITH SAP LEARNING HUB

The best way to gain an understanding of how SAP Learning Hub operates and identify its core components is to start at the landing page for SAP Learning Hub.

The landing page provides information, videos, and guides on navigating in the hub, using search functionalities, choosing between different training delivery formats, and collaborating with other learners.

The screenshot displays the SAP Learning Hub landing page. At the top, the SAP logo is on the left, followed by a 'Home' dropdown menu. The main header area includes the 'SAP Learning Hub' title, a search bar labeled 'Search Learning Rooms', and user notifications for 31 alerts and 20 messages. The user is identified as 'SAP Learning Hub User'. The page is organized into several sections: 'Welcome' features a video thumbnail of a man speaking and text encouraging users to take an onboarding course; 'Access' provides links to 'My Learning Content' and 'My SAP Learning Rooms', along with a list of available learning content and SAP Live Access Portal links; 'To Do' lists recommended online courses such as 'SAP IT Infrastructure Management 1.0: Learning Map for Support Consultants' and 'Business Processes in Financial Accounting'; 'News' shows a large image banner with the SAP logo; and 'Help & Support' offers links to FAQs, documentation, and system requirements, along with a button to 'Get Technical Support'.

## NAVIGATING THROUGH SAP LEARNING HUB

You can navigate between the hub's different components by using the *Home* drop-down menu located at the top left corner of the page.

The drop-down menu includes three options:

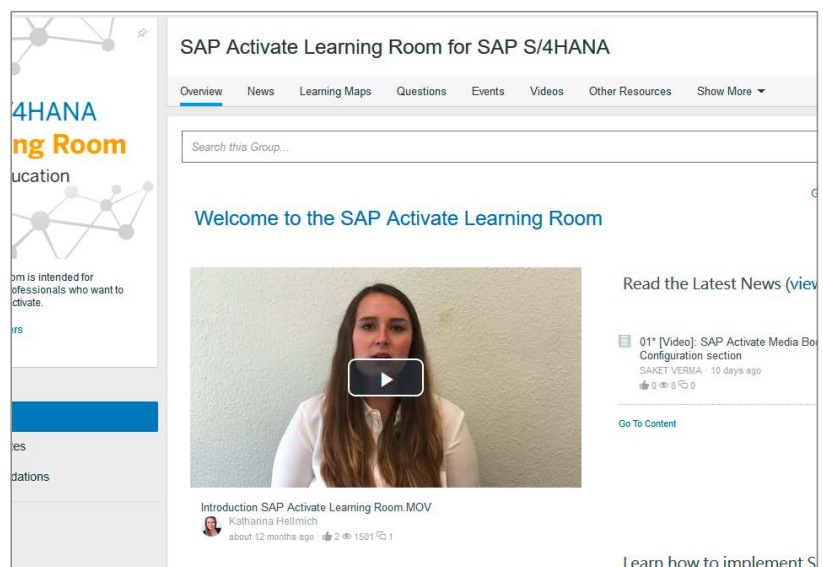

- *Home* – Takes you back to the landing page
- *Learning Rooms* – Takes you to social learning and collaboration rooms
- *Learning Content* – Takes you to your training environments, where you can book and consume online courses and offerings

## USING LEARNING ROOMS

The SAP Education organization hosts SAP Learning Rooms to provide a forum for learners to interact with SAP solution experts on various topics.

As a subscriber to SAP Learning Hub, you can network and connect with other users, attend live Webinars, and access additional content uploaded by the trainers in various learning rooms.

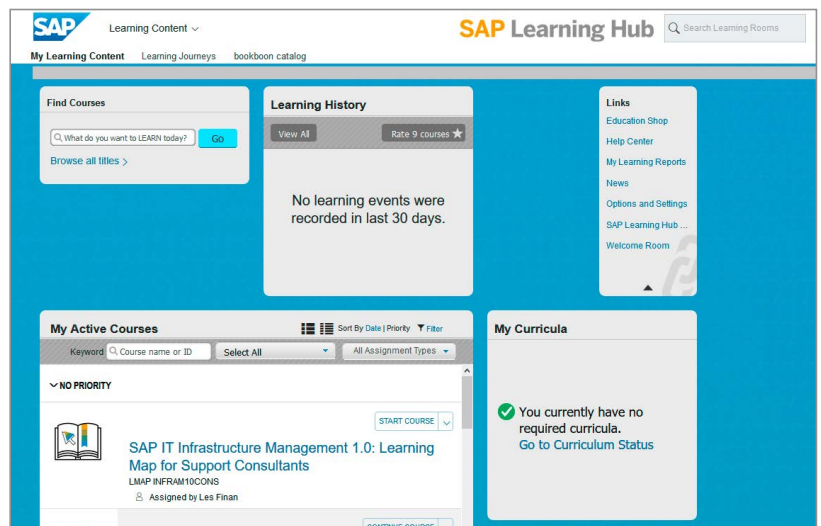

## ACCESSING LEARNING CONTENT

The *Learning Content* section of the hub contains thousands of online learning courses and offerings from SAP Education, all available for subscribers to book and consume. The booking process is simple and does not require any workflows or authorization steps.

The entry screen consists of different tiles that provide an overview of the courses and curriculums currently in your training plan, a *History* section, and a quick search option.

To access the *Catalog Search* page, click on the *Browse all courses* link in the *Find Courses* tile.

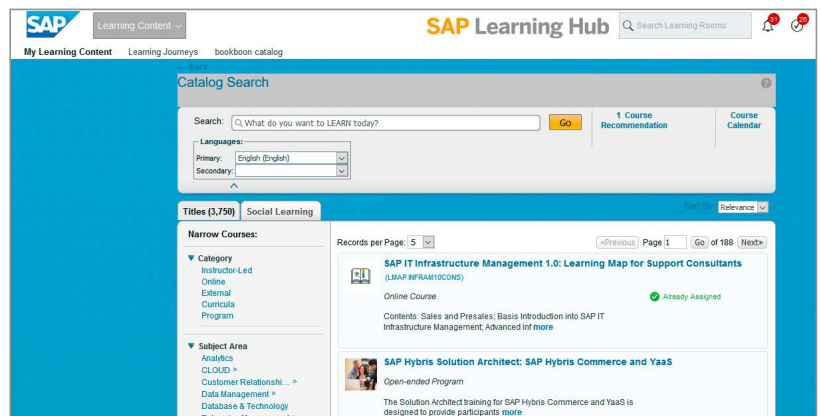

## Searching for Online Learning Courses

The *Catalog Search* page provides a number of filtering options related to the preferred solution, level, and delivery format of the different courses.

A free text search is also enabled, and the results can be further filtered by selecting from the options on the left side of the page.

SAP Learning Hub offers multiple courses in various languages. You can identify and search for the applicable language by using the drop-down menu located directly under the *Search* field.

## Following Curriculum Paths

Curriculum paths are an important element of SAP Learning Hub. They visualize relationships between the relevant courses for different training paths. Courses attached to a curriculum can be added to a training plan with a single click. Dozens of preconfigured curriculums are available, covering a range of topic areas such as the SAP HANA® platform.

### SAP Certified Application Associate – Modeling and Data Management with SAP BW 7.4

ID: C\_TBW60\_74\_EN

PRIORITY N/A

[Self Assign Curriculum](#)

The SAP Certified Application Associate - Modeling and Data Management with SAP BW 7.4 certification exam verifies that the candidate has the required knowledge in the area of the SAP Business Warehouse solution as it pertains to the application consultant profile. This certificate builds on the basic knowledge gained by a BW consultant and preferably refined by practical experience within a BW project team whereby the consultant applies acquired knowledge in this specialist area practically in projects.
